

DERO

## LOCK DOCK

- *Completes your secure bike room*
- *Keeps locks out of the way*
- *Easy to install*

The new Dero Lock Dock is a useful addition to your secure bike room. The Dero Lock Dock will keep your staff or regular clients' locks readily available and eliminate the need for them to be carried back and forth everyday.

Designed with security and commercial use in mind, the Dero Lock Dock consists of heavy gauge steel, is easy to install, and can accommodate nearly any u-lock as well as a number of cable and chain locks.

Printed on recycled paper

**Product** Dero Lock Dock  
As manufactured by Dero Bike Racks

**Materials** .25" steel plate

**Finishes** An after fabrication hot dipped galvanized finish is our standard option. 250 TGIC powder coat colors and a thermoplastic coating are also available as alternate options.

Our powder coat finish assures a high level of adhesion and durability by following these steps:

1. Sandblast
2. Epoxy primer electrostatically applied
3. Final thick TGIC polyester powder coat

**Installation Methods** Flange mount has six 1/4" flanges - 6 anchors.

It is the responsibility of the installer to ensure that all base materials into which the Lock Dock will be installed can support the Lock Dock with 11 locks and will not be damaged by any required installation procedures.

**Space Use and Setbacks** The Lock Dock requires a 20" x 60" section of open wall space for installation
